NOTICE UNDER SECTION 708A(12C)(e) OF THE CORPORATIONS ACT 2001

This cleansing notice (**Cleansing Notice**) is given by Lithium Australia NL (ACN 126 129 413) (**Company**) under Section 708A(12C)(e) of the Corporations Act 2001 (Cth) (**Corporations Act**) as amended by *ASIC Corporations (Sale Offers: Securities Issued on Conversion of Convertible Notes) Instrument 2016/82*.

The Company hereby confirms that:

- (a) the convertible note was issued without disclosure to investors under Part 6D.2 of the Corporations Act; and
- (b) this Cleansing Notice has been given in accordance with section 708A(12C)(e) of the Corporations Act;

The issue of this Cleansing Notice enables the fully paid ordinary shares in the capital of the Company (**Shares**) issued on the conversion of the convertible note issued by the Company on the terms described below, to be on-sold to retail investors without further disclosure.

1. BACKGROUND

As announced on 16 December 2019 the Company has entered into an agreement in relation to a share purchase and convertible security agreement with Lind Global Macro Fund, LP (**Noteholder**) under which the Noteholder has agreed to subscribe for up to \$3,400,000 worth of shares in the capital of the Company (**Shares**) (**Share Purchase**) and for a convertible note having a face value of \$3,300,000 (**Convertible Note**) (**Agreement**). The Agreement comprises two separate funding streams being (1) Convertible Note provisions and (2) Share Purchase provisions.

No later than five (5) business days after the date of execution of the Agreement (**First Closing**) the Noteholder will advance to the Company, in immediately available funds, subject to any set-offs under the Agreement, the amount of \$2,900,000, in consideration of which the Company will issue to the Noteholder an uncertificated secured convertible note for the amount of \$3,300,000 (**Face Value**) and with a 24 month term on the terms set out in the Agreement (**Convertible Note**) together with 15,000,000 Shares (which are fully paid ordinary shares in the capital of the Company) to the Noteholder as consideration for the Noteholder entering into the Agreement (**Collateral Shares**). The Convertible Note will be secured by a general security over all of the assets of the Company, and of nominated subsidiaries of the Company.

Notwithstanding any other provision of the Agreement, the maximum aggregate number of Shares that may be issued upon conversion of the Convertible Note issued at First Closing (but excluding any Shares issued conversion of the Replacement Convertible Note as that term is defined below) under the Agreement without the Company obtaining Company shareholder (**Shareholder**) approval to the proposed issue is 71,440,776 Shares (**Maximum Number**). This number is the Company's present capacity under Listing Rule 7.1.

The issue of Collateral Shares will reduce the remaining available capacity under the maximum conversion limit i.e. only 56,440,776 securities can be issued without Shareholder approval. The Company has agreed to pay a commitment fee of \$87,000 to the Noteholder, to be deducted from the funds made available to the Company upon the First Closing.

The Company must, within 90 days of the First Closing, convene and hold a meeting of Sshareholder's seeking approval for the issue of:

1. 33,333,333 options to the Noteholder exercisable at \$0.055 on or before the date that is 36 months from the date of their issue (**Options**); and
2. a replacement convertible note to the Noteholder, on the basis that the replacement convertible note will be on the same terms as the Convertible Note issued at the First Closing, and will have the same outstanding Face Value, but the Maximum Number limit will not apply to it (**Replacement Convertible Note**).

An Event of Default under will occur if the Company does not, within 90 days of the First Closing, obtain either of these approvals and issue the Options or the Convertible Security.

After receipt of Shareholder approval, the Replacement Convertible Note will automatically issue to the Noteholder in replacement of the outstanding Convertible Note. The outstanding Convertible Note issued will be redeemed by the Company in full and all of the obligations of the Company in connection with the Convertible Note are discharged and satisfied in full including that there is no Amount Outstanding in respect of the Convertible Note, and the Replacement Convertible Note will be outstanding. The maximum securities issuance/conversion limit will not apply to the Replacement Convertible Note as Company shareholder approval will have been obtained prior to its issue.

A summary of the rights, privileges and restrictions attaching to the Convertible Note is set out in Section 4 of this Cleansing Notice.

The Directors consider that the Agreement (including the Convertible Note) is in the best interests of Shareholders as it provides funding for:

- (a) growth of the Company's Soluna Australia battery business;
- (b) commercialization of the Company's cathode business, owned by its subsidiary VSPC Ltd;
- (c) growth of the Company's battery recycling interests, owned by Envirostream Australia Pty Ltd;
- (d) development of its lithium processing technologies; and
- (e) costs of the funding, as well as for general working capital.

Under the Agreement, the Noteholder is also required to make various prepayments during the Term not exceeding an amount of \$3,400,000 to the Company, to either be repaid by the Company or where this amount is not repaid, the Company is to issue shares to the Noteholder (such number as is determined under the Agreement and subject to satisfaction or waiver of a number of conditions) (**Tranche Shares**).

The Agreement further provides that 33,333,333 Options will be issued to the Noteholder subject to Shareholder approval to be sought at the time the Company seeks Shareholder approval.

This Cleansing Notice sets out the following:

- (a) in relation to the Convertible Note:
 - (i) the effect of the issue on the Company;
 - (ii) a summary of the rights and liabilities attaching to the Convertible Note; and
 - (iii) a summary of the rights and liabilities attaching to the Shares that will be issued on the conversion of the Convertible Note; and

 - (B) the rights and liabilities attaching to Shares; and
 - (iii) other information relating to the Company's status as a disclosing entity.

3. THE EFFECT OF THE ISSUE ON THE STRUCTURE OF THE COMPANY

3.1 Effect of the issue on the Company

The principal effect of the issue of the Convertible Note on the Company will be to:

- (a) increase the Company's cash reserves by \$2,900,000 (before costs associated with the Convertible Note issue and excluding any funds received from the Noteholder's subscribing for Shares under the Agreement);
- (b) increase the number of unquoted secured Convertible Notes on issue from zero (0) to one (1);
- (c) give rise to the Company having a liability for the amount of the face value of the Convertible Note (being \$3,300,000);

- (d) increase the number of Shares on issue by 15,000,000 Shares being the Collateral Shares (as that term is defined below) excluding any Shares that may be issued upon conversion of the Convertible Note or upon the exercise of an Option;
- (e) if the Convertible Note is converted, either wholly or in part to Shares, assuming that no Conversion Collateral Capitalisation Election is made (see section 4(i)(ii)(B) of this Cleansing Notice), increase the number of Shares on issue as a consequence of the issue of Shares on such conversion; and
- (f) increase the number of Options on issue from 55,990,355 to 89,323,688.

3.2 Pro Forma Consolidated Statement of Financial Position As at 30 September 2019 taking into account the issue of the Convertible Note

- (a) Set out in Annexure A is a pro forma consolidated Statement of Financial Position as at 30 September 2019 for the Company based on the unaudited 30 September 2019 Management Accounts adjusted to reflect the proposed Convertible Note issue and has been prepared on the basis of the accounting policies normally adopted by the Company.
- (b) The pro forma financial information is presented in an abbreviated form in so far as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements. The pro forma financial information is not audited. The classification of the allocations between debt and equity for the Convertible Note may change in the future.

3.3 Potential effect on capital structure

- (a) As at the date of this Cleansing Notice, the total number of issued Shares is 541,771,837.
- (b) The capital structure of the Company will be affected by the conversion of the Convertible Note by the Noteholder which will result in additional Shares being issued. The actual effect on the issued share capital of the Company will depend on what percentage of the Convertible Note is actually converted and on the applicable Conversion Price.
- (c) Subject to limits on the conversion under the Agreement (which do not apply to the Replacement Convertible Note), the Convertible Note can be converted at any time after the end of the Lock-Up Period (as that term is defined in paragraph 3.3(d) below) and prior to the date of maturity (being 24 months from the date of its issue (**Maturity Date**)) at the request of the Noteholder.
- (d) The Lock-Up Period means the period commencing on the date of execution of the Agreement and ending on the earlier of:
 - (i) the day which is 30 days after the First Closing;
 - (ii) the day of an Event of Default occurring under clause 13 of the Agreement;
 - (iii) the date upon which the Company terminates or pauses the operation of the Agreement generally or in respect of the issue of Shares under the Agreement; and
 - (iv) such date as is mutually agreed by the parties.
- (e) If the Noteholder converts the entire Convertible Note and subscribes for all of the Shares pursuant to the Convertible Note, then based on an average conversion price of \$0.0499

per new Share (based on the last closing price prior to announcement of the Agreement) and assuming the full face value of \$3,300,000 is converted (**Assumptions**), 66,132,265 new Shares would be issued. The actual effect of the share capital of the Company will depend on what percentage of the Convertible Note is actually converted and the price at which the conversion occurs.

- (f) 33,333,333 Options will be issued to the Noteholder under the terms of the Agreement, subject to Shareholder approval to be sought at the time the Company seeks Shareholder approval for the issue of the Replacement Convertible Note.
- (g) 15,000,000 Shares will be issued to the Noteholder or its nominee as a condition precedent to the First Closing as collateral Shares pursuant to the terms of the Agreement (**Collateral Shares**).
- (h) The effect on the issued share capital of the Company on conversion of all the Convertible Note and the issue and exercise of all Options issued under the Agreement is set out in the table below based on the Assumptions.

Shares	Number
Shares on issue prior to agreement of the Convertible Note	541,771,837

3 Where the Company elects to issue Tranche Shares instead of repaying the prepaid amount detailed in section 1, the capital structure of the Company will also be affected by the issue of the Tranche Shares and the Tranche Share Issuance Options. These issues are not shown in the above tables.

(i) If an Issue of Shares to the Noteholder in accordance with the terms of the Agreement would result in the Noteholder acquiring a relevant interest in Equity Securities which would cause the Voting Power of the Noteholder and its Associates in the Company to exceed 9.99%, then without limiting any of the Noteholder's other rights under the Agreement:

(A) the Noteholder or the Company may by written notice to the other party (**Cash Substitution Notice**) require the Company to pay a cash amount to the Noteholder equal to Z multiplied by \$C in lieu of the issue of the Issue of Noteholder's Shares, where:

Z = the number of new Shares which would have been Issued to the Noteholder; and

\$C = the VWAP per Share on the date the Noteholder's Shares were to be Issued,

(Cash Substitution Amount); and

(B) upon either party giving a Cash Substitution Notice to the other, the Company must within 3 Business Days pay the Noteholder in immediately available funds the Cash Substitution Amount.

Notes:

1 In this circumstance the Conversion Price would be \$0.055 having regard to the definition of Conversion Price as set out in section 4 below.

(v) In the event that the Company's market capitalisation exceeds \$35,000,000 or reduces below \$10,000,000, or if there is an Event of Default, the above conversion limits will not apply.

(vi) If the Noteholder converts any portion of the Convertible Note at a price below the Floor Price of \$0.03, the Company may at its election **(Conversion Floor Payment Notice)** within three business days of receiving the relevant Conversion Notice elect to pay that conversion in cash instead of Shares plus a 2.5% premium.

(vii) Where the Company has given the Noteholder a Conversion Floor Payment Notice, the Noteholder may elect, by written notice to the Company at any time prior to

the applicable Conversion Date to receive Conversion Shares that are the subject of the Conversion Floor Payment Notice, at a Conversion Price equal to the Floor Price; and/ or to exercise a Conversion Collateral Capitalisation Election in respect of Conversion Shares the subject of the Conversion Floor Payment Notice, at a Conversion Price equal to the Floor Price in lieu of a payment in immediately available funds.

(j) Redemption and Repayment

No part of the Amount Outstanding for the Convertible Security shall be redeemable by the Company at any time, except as expressly set out in the Buy Back Provisions of the Agreement (which are summarised in paragraph (k) immediately below) or otherwise where expressly permitted in accordance with the Agreement.

(k) Buy Back Provisions

In its sole discretion, the Company may buy-back the outstanding balance of the Convertible Note at any time. In the event of the Company electing to exercise its right to buy-back the outstanding balance, it must issue the Noteholder with a buy-back notice for the Convertible Note (**Buy-Back Notice**).

A Buy-Back Notice must exclude that part of the amount outstanding in respect of which, as of the time the Company gives the Noteholder a Buy-Back Notice, the Noteholder has already given a conversion notice to the Company (the **Excluded Converted Amount**).

Subject to the Maximum Number (prior to the issue of the Replacement Convertible Note), within five (5) business days of receiving a Buy-Back Notice, the Noteholder may give a Conversion Notice to the Company for up to 30% of the Face Value of the Convertible Note (**Buy-Back Conversion Notice**) at the time of issue, (**Buy-Back Conversion Amount**) at the Conversion Price.

Upon issuing a Buy-Back Notice to the Noteholder, the Company irrevocably and unconditionally agrees to, within five (5) Business Days of receiving the Buy-Back Conversion Notice, or if no Buy-Back Conversion Notice is received then within ten (10) Business Days of issuing the Buy-Back Notice:

- (i) buy-back the relevant Convertible Note (excluding the Buy-Back Conversion Amount and any Excluded Converted Amount), for the Buy-Back Amount Outstanding; and

- (iv) by the Noteholder, if there is a change of control in relation to the Company where the Noteholder has not provided its prior written consent.

Any termination by either Party will give rise to the Noteholder's right to require repayment of the whole of the amount outstanding under the Agreement.

Change in Law Termination Event means:

- (a) there exists a Law which, or a generally accepted interpretation of which makes it illegal or impossible for the Noteholder or the Company to undertake any of the contemplated transactions under the Agreement or transactions of similar kind (including acquisition and/or disposition, at a time of the Noteholder's choosing, of any Noteholder's Shares), in accordance with the Agreement, or renders consummation of any of the contemplated transactions under the Agreement unenforceable, void, voidable or unlawful, or contrary to or inconsistent with any law (as defined in the Agreement); or
- (b) if:

- (v) otherwise materially adversely affecting rights, powers, benefits, remedies or the economic burden of the Noteholder (including by way of delay or postponement); or
- (vi) otherwise making it impracticable for the Noteholder to undertake any of the Contemplated Transactions.

- (b) The Options may be exercised at any time prior to 5:00pm (Australian WST) on the date that is 36 months from the issue date.
- (c) Subject to paragraph 5(h), the exercise price of the Options is AU\$0.055 per Option (**Exercise Price**).
- (d) To exercise the Options, the Option holder must duly complete, execute and deliver to the Company an exercise notice (**Notice of Exercise**). Options may be exercised by the Option holder in whole or in part by completing the Notice of Exercise and forwarding the same to the Secretary of the Company to be received prior to the expiry date. The Notice of Exercise must, among other things, state the number of Options exercised and the consequent number of Shares to be issued. The Notice of Exercise by an Option holder must be accompanied by payment in full for the relevant number of Shares being subscribed, being an amount of the exercise price per Share.
- (e) All Shares issued upon the exercise of the Options will rank equally in all respects with the Company's then issued Shares.
- (f) If prior to an exercise of an Option, but after the issue of the Option, the Company makes an issue of Shares by way of capitalisation of profits or out of its reserves (other than pursuant to a dividend reinvestment plan), pursuant to an offer of such Shares to at least all the holders of Shares resident in Australia, then on exercise of the Option, the number of Shares over which an Option is exercisable will, subject to the Listing Rules, be increased by the number of Shares which the holder of the Option would have received if the Option had been exercised before the date on which entitlements to the issue were calculated.
- (g) If prior to an exercise of an Option, but after the issue of the Option, any offer or invitation is made by the Company to at least all the holders of Shares resident in Australia for the subscription for cash with respect to Shares, options or other securities of the Company on a pro rata basis relative to those holders' Shareholding at the time of the offer, the Exercise Price will be reduced as specified in the Listing Rules in relation to pro-rata issues (except bonus issues).
- (h) In the event of any reconstruction (including consolidation, subdivision, reduction or return) of the issued capital of the Company, all rights of the Option holder shall be reconstructed (as appropriate) in accordance with the ASX Listing Rules.
- (i) The Options are transferable, subject at all times to any transfer restrictions imposed by ASX or under applicable securities laws, including the *Corporations Act 2001* (Cth) (**Act**).

- (j) The Options will not be listed.
- (k) The Company will, within 7 days of the exercise of the Options, apply for official quotation by the ASX of all Shares issued upon the exercise of the Options. If required, the Company will give ASX a notice that complies with section 708A(5)(e) of the Act, or, if the Company is unable to issue such a notice, lodge a prospectus prepared in accordance with the Act and do all such things necessary to satisfy section 708A(11) of the Act to ensure that an offer for sale of the Shares does not require disclosure to Noteholder.

6. RIGHTS AND LIABILITIES ATTACHING TO SHARES ISSUED UNDER THE CONVERTIBLE NOTE

The Shares issued to the Noteholder on the conversion of the Convertible Note and upon the exercise of the Options issued under the Agreement will rank equally in all respects with all of the Company's existing Shares. The rights attaching to the Shares, including new Shares to be issued to the Noteholder on the conversion of the Convertible Note under the Agreement, are set out in the Company's Constitution, and, in certain circumstances, regulated by the Corporations Act, the ASX Listing Rules and the general law.

The Company intends to apply to ASX Limited for quotation of any Shares issued on conversion of the Convertible Note, which is required under the Agreement.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which can be inspected free of charge, at the Company's registered office during normal business hours.

The following is a broad summary of the rights, privileges and restrictions attaching to all Shares. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders.

(a) General meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Constitution of the Company.

(b) Voting rights

Subject to the Constitution and to any rights or restrictions attached to any shares or class of shares, at a general meeting:

- (i) on a show of hands, every member present has one vote;
- (ii) on a poll, every member present has:
 - (A) one vote for each fully paid share held by the member and in respect of which the member is entitled to vote; and
 - (B) a fraction of a vote for each partly paid share held by the member and in respect of which the member is entitled to vote, equivalent to the proportion which the amount paid (not credited) on the share bears to the total amounts paid and payable (excluding amounts credited) on the share.

(c) Dividend rights

Subject to the Corporations Act and the Company's Constitution, the directors may pay any interim, special or final dividends as, in their judgment, the financial position of the Company justifies. The directors may rescind a decision to pay a dividend if they decide, before the payment date, that the Company's financial position no longer justifies the payment.

Subject to any rights or restrictions attached to a share or class of shares:

- (i) all dividends in respect of a share must be paid in the proportion which the amount paid (not credited) on the share bears to the total amounts paid and payable (excluding amounts credited) on the share;
- (ii) all dividends must be apportioned and paid proportionately to the amount paid during any portion or portions of the period in respect of which the dividend is paid;
- (iii) an amount paid on a share in advance of a call is to be ignored; and
- (iv) interest is not payable by the Company in respect of any dividend.

Subject to the Company Constitution, the directors may set aside out of the profits of the Company reserves or provisions for any purpose as they think fit.

The directors may implement a dividend reinvestment plan on the terms they think fit under which the whole or any part of a dividend due to members who participate in the plan on their shares or any class of shares may be applied in subscribing for securities of the Company or of a related body corporate. The directors may amend, suspend or terminate a dividend reinvestment plan implemented by them.

(d) **Winding-up**

If the Company is wound up, the liquidator may, with the sanction of a special resolution:

- (i) divide among the members the whole or any part of the property of the Company; and
- (ii) determine how the division is to be carried out as between the members or different classes of members.

A division under paragraph 6(d)(i) may be otherwise than in accordance with the legal rights of the members and, in particular, any class may be given preferential or special rights or may be excluded altogether or in part.

If any of the property to be divided under paragraph 6(d)(i) includes securities with a liability to calls, a person entitled under the division to any of the securities may within 10 days after the passing of the special resolution referred to in that rule, by notice in writing direct the liquidator to sell the person's proportion of the securities and to account for the net proceeds and the liquidator must, if practicable, act accordingly.

(e) **Shareholder liability**

As the Shares issued will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(f) **Transfer of shares**

Generally, shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the ASX Listing Rules.

(g) **Future increase in capital**

Subject to restrictions on the issue or grant of securities contained in the ASX Listing Rules, ASX Settlement Operating Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the directors have the right to issue shares or grant options over unissued shares to any person and they may do so at such times as they think fit and on the conditions they think fit.

Such shares may have preferred, deferred or other special rights or special restrictions about dividends, voting, return of capital, participation in the property of the Company on a winding up or otherwise, as the directors think fit.

(h) **Variation of rights**

The rights attached to any class of shares may, unless their terms of issue state otherwise, be varied:

- (i) with the written consent of the holders of 75% of the shares of the class; or
- (ii) by a special resolution passed at a separate meeting of the holders of shares of the class.

(i) **Alteration of constitution**

In accordance with the Corporations Act, the Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

7. COMPLIANCE WITH DISCLOSURE OBLIGATIONS
